

## **VOLUNTEERING WITH THE CITY OF EDINBURGH COUNCIL COUNTRYSIDE RANGER SERVICE**

Would you like to get involved with your local environment? The CECCRS invites individuals who have an interest in local environmental issues, practical conservation, species monitoring or other outdoor activities to apply to become Volunteer Rangers. Volunteers are also needed to assist in meeting and greeting members of the public in our visitor centres, carrying out biodiversity surveys and conservation tasks.

You will receive training on all aspects related to the duties undertaken. This will enable you to take action on local sites, learn new skills and share existing skills with others, gain professional experience, make new friends and help the local community, improve fitness levels through healthy exercise, attend social events, but overall, to enjoy the beauty of the great outdoors.

If any or all of these aspects are of an interest to you, please get in touch to request an application form and information pack:
